Consumer Rated Condition:

Good

"Good" condition means that the vehicle is free of any major defects. This vehicle has a clean [title history](#), the paint, body and interior have only minor (if any) blemishes, and there are no major mechanical problems. There should be little or no rust on this vehicle. The tires match and have substantial tread wear left. A "good" vehicle will need some reconditioning to be sold at retail. Most consumer owned vehicles fall into this category.

Private Party Value

[Search Local Listings](#) | [List This Car for Sale](#) **\$2,805**

Private Party Value is what a buyer can expect to pay when buying a used car from a private party. The Private Party Value assumes the vehicle is sold "As Is" and carries no warranty (other than the continuing factory warranty). The final sale price may vary depending on the vehicle's actual condition and local market conditions. This value may also be used to derive Fair Market Value for insurance and vehicle donation purposes.
