

UNIVERSITY OF NORTH CAROLINA
GRADUATE PROGRAMS IN EXERCISE AND SPORT SCIENCE
(MA - athletic training, exercise physiology, sport administration)

http://www.unc.edu/depts/exercise/grad_cover.html

Date of Application _____

I. Personal Information:

Name _____
Last First M PID Number (for office use only)

Current Street _____ Until _____ Phone _____
Mailing _____
Address City _____ State _____ Zip _____
Email address _____

Permanent Street _____ Phone _____
Mailing _____
Address City _____ State _____ Zip _____

Date of Birth _____ Please indicate the year you wish to enter: Fall of _____ (year)

II. Academic Information:

Name of Undergraduate College _____ Degree/Major _____
Grade Point Average (all undergraduate work completed; 4-point scale): _____
Grade Point Average (last two years): _____

Graduate Record Examination Scores: Date Taken: _____
_____ Verbal Aptitude _____ Quantitative Aptitude _____ Writing Aptitude _____ TOEFL

III. Specialization Selection:

Please read the information on the website describing the Master of Arts degree program and the departmental specializations carefully before making your selection of the specialization to which you are applying (apply to only one):

Check one of the specializations listed below.

_____ Athletic Training _____ Exercise Physiology _____ Sport Administration
_____ Dual Degree in Law and Sport Administration (must apply to the law school separately)

IV. Assistantships:

Each graduate student offered admission is eligible to apply for an assistantship which provides a stipend, waiver of tuition, and free health insurance. Assistantships in Athletic Training and Sport Administration require teaching of sport skills classes to undergraduates and significant specialization related duties in the Athletics Department. Assistantships in Exercise Physiology may be in the areas of sport skills teaching or the several wellness and fitness programs listed below.

Dual degree candidates are not eligible for assistantships.

Please check all assistantships (and fill out separate applications) in which you have an interest. Exercise physiology applicants may rate choices as 1st choice, 2nd choice, 3rd choice, etc.

Yes Choice
_____ Teaching assistantship (all specializations)
_____ Employee Wellness Program (Ex. Phy.)
_____ Student Recreation Center (Ex. Phy.)
_____ Student Wellness (Ex. Phys.)

V. Hepatitis B Virus (HBV) Vaccination Policy:

Hepatitis B immunization is required of all graduate students who participate in clinical and/or laboratory activities, (athletic training and exercise physiology specializations), unless contraindicated upon physician's advice. It is required that students complete the HBV three vaccination series prior to the first day of graduate classes.

VI. Prerequisites:

Ideal candidates for the program would have a foundation in exercise and sport science. This foundation can be demonstrated through course work and field experiences in the respective specialization areas: athletic training, exercise physiology, recreation administration or sport administration. Interested candidates should go to the following website for additional information: <http://www.unc.edu/depts/exercise> or if you have questions concerning background requirements or prerequisites please contact the respective specialization coordinator (see below).

Qualified applicants **must** have completed a statistics or research and statistics course to establish a foundation for graduate level work in research and statistics. Please specify the statistics or research and statistics course that meets this prerequisite.

Course Number: _____

Course Title: _____

Semester/Year Taken: _____

Athletic Training – Dr. William Prentice

919-962-5174

prentice@email.unc.edu

Exercise Physiology – Dr. Robert McMurray

919-962-1371

exphys@email.unc.edu

Sport Administration – Dr. Richard Southall

919-962-3507

southall@email.unc.edu

VII. Personal Statement:

On an additional page(s), describe your motivation for pursuing this degree and identify your short-term and long-range professional goals. Include the experience (knowledge/skills) you would hope to acquire in the degree program you wish to pursue.

VIII. Resume:

Please attach a current resume with your application.

Return completed application form, personal statement, and resume to Ms. Cindy Atkins, Executive Assistant, Department of Exercise & Sport Science, CB# 8700, Fetzer Gym, University of North Carolina-Chapel Hill, Chapel Hill, NC 27599-8700.

You may submit the application via mail or as an attachment to an email message (atkins@email.unc.edu).

- **Enrolled students may be reviewing or commenting on all or portions of the application materials. The enrolled students who participate in the admissions process will sign a Statement of Confidentiality which indicates that they will not discuss or reveal any information about the applicant's file under any circumstances with anyone outside the Admissions Committee.**
