

North Carolina Mathematics and Science Education Network

Other (Non-SITE) Professional Development Programs 2009 - 2010

NC-MSEN offers the SITE portfolio of programs Statewide through its Professional Development Centers; for more information on the SITE programs, visit www.unc.edu/depts/msen. In addition to the SITE programs, individual Professional Development Centers offer a rich assortment of other professional development opportunities. Here is a listing of those programs. Keep in mind that the Professional Development Center is responsible for the content and availability of these programs; contact the Center directly for more information about them.
