MSEN DAY 2010 Chapel Hill, NC

On April 24, 2010 the WSSU NC-MSEN Program traveled to UNC Chapel Hill to participate in the annual MSEN in day competitions. We had 75 students to participate in the events. Our students were strong in many categories and enjoyed themselves. WSSU NC-MSEN Students won 1st place in a number of events. Each student that participated expressed their sincere thanks for being allowed to attend and represented WSSU well. Thanks to P.I.E. for providing breakfast to each student and thank you to all others that helped make our day a success.

WSSU NC-MSEN with Summer Internships

The WSSU NC-MSEN Program has been very fortunate to have several students receive summer internships for Summer 2010. We will have students at various campus across the state and world representing the NC-MSEN Program.

Eden Tackett: Will participated in a summer fellowship program in China. Eden was one of 14 students that was selected from across the state to participate in this program. We are very proud of her and wish here much success and safe travel.

Jana Bailey: Will participate in the Duke TIP program at Appalachian State University. She was selected to attend the program because of her outstanding test scores and grades.

Jillian Bailey: Will participate in the WSSU High School Research Apprenticeship Program. Jillian will be conducting research in Chemistry and collecting samples for chemical testing in area lakes and ponds.

Lizzie Shepard, Janay Glenn, Alexander McClory: Will participate in the NCSU SCRIBLS Program. While attending this program student will take a summer science course at the university. Students will be exposed to state of the art technology and will receive college credit for their course work for the summer.
