## FSU NC-MSEN PRECOLLEGE UPDATE

---

### 2011 Summer Scholars Program

The North Carolina Mathematics/Science Education Center Pre-College Program at Fayetteville State University (FSU) held the 2011 summer scholars program, from July 11, 2011 - July 21, 2011 at Ramsey Street Alternative School.

The sessions provided an integrated and systemic approach combining both math and science. The major objective of the program was to stimulate the interest of pre-college students in math/science careers and to motivate them to continuously seek and pursue further experiences in these fields with robotics training.

Students were exposed to behind-the-scene activities of Extreme Home Makeover.

### 2011 Summer S.P.A.C.E. Program

The FSU NASA S.P.A.C.E. (Students Preparing to Advance into Careers in Engineering) Summer program was July 11, 2011—July 22, 2011 on the campus of FSU. Students, staff, and parents were able to visit the National Air and Space Museum on the National Mall in Washington, D.C. on Mars Day. The Museum has thousands of artifacts on display, including the Wright Flyer, the Spirit of St. Louis, and the Apollo 11 command module that visitors can touch.

### 2011 Fall Saturday Academy

The FSU NASA S.P.A.C.E. program began the fall enrichment session on September 24, 2011. The program continues to provide 10th grade students with valuable out-of-school time NASA - related STEM experiences that enrich their in-school time science and mathematics learning.

The official start date for the FSU Saturday Academy program: TBA
