Student Academic Services Building | Suite 2105

(919) 843-6086

The Office for Diversity and Multicultural Affairs works to promote and sustain an inclusive campus community that values diversity of people, backgrounds and perspectives. We strive to provide a university-wide approach to developing policies, practices, and programs that promote diversity in our faculty, staff and student populations.

Office of the Dean of Students

Student Academics Services Building | Suite 1106

(919) 966-4042

deanofstudents.unc.edu

The Office of the Dean of Students works to educate the entire University community, including faculty and staff, about relevant policies and ways of responding to student-related matters, and serves as an initial point of reference for students who have concerns about issues concerning their campus experience. Through a wide variety of educational programs, the supervision of campus functions such as the Office of Fraternity and Sorority Life and the Student Judicial System, and enforcement of University policies such as the Racial Harassment Policy, the Sexual Harassment Policy, and the Student Alcohol Policy, we promote a positive learning environment in which all students may achieve their full academic and personal potential.

Welcome to Carolina!

Purpose of this Guide

As a new student to Carolina, you are in the midst of many exciting and challenging decisions: What should I study? Where do I get my books? What kinds of activities do I want to do? How can I get to know people? How much sleep do I really need?

In the mean time, you still need to take care of living and learning at Carolina—whether that’s selecting classes, setting up a bank account, finding something to eat, getting a haircut, or locating campus resources that can help you with academic challenges or career exploration.

You can use this guide as a short-hand for exploring Carolina and the surrounding community. The contacts listed are not comprehensive, but should provide you with a good start for getting to know your new community.*

We encourage you to contact either of our offices if you have questions as you adjust to your new life at Carolina. We are excited to have you as part of our community and we are available to support you as you undertake your Carolina adventure of living, learning, and growing.
