

Revision of Existing Course

[Guidelines for Revision](#)

Please use this form if you are requesting a change to the course title, number, description, instructor, crosslisting, semester, or credit hours - **or if you are requesting that the existing course also meet one or more of the new General Education requirements**. If you are proposing to delete an existing course or only renumbering an existing course, please go to the [CRA Main Menu](#) and select Deletion or Renumber All.

You will be prompted to answer required items based on the type of revision(s) you select. There are also optional items, in an area marked by gray dotted lines, that you may fill out if you choose. These are located toward the bottom of the form, just before the final items (instructors, semesters offered, and justification) that are required for all revisions.
