

Agenda

General Education Implementation Committee

Tuesday, April 20, 2004

3:00-5:00pm

011 Graham Memorial

1. Update on the online course forms (Joe Bray & Kelly Rowett)
2. Discuss which Connections requirements transfer students should fulfill (Dean Tweed)
3. Renumbering Questions (Dean Tweed):
 - The curriculum document specifically says that a student might choose a second course in Quantitative Reasoning (QR) to satisfy the Quantitative Intensive (QI) requirement, but the website only allows a single designation. Students in the same room may be meeting different requirements, which causes technical problems for AIS. Should two courses be created (one as QR and one as QI)?
 - Assign new numbers to intensive foreign language courses (courses that cover level 3 and level 4 in one semester), so that they can be easily tracked in SIS? ROML chose 111 and 112.
 - Should departments submit a fifth semester foreign language course for the Foreign Language Enhancement Connection?
