Taking Inventory

What do you perceive as your greatest writing challenge overall? What do you usually have the most trouble with as a writer?

What do you like about your current writing process? What do you do well?

Which points of grammar, punctuation, style, or mechanics do you feel uncertain about? What sentence level issues trouble you most often?

Writing Metaphors

Describe what writing feels like to you with a metaphor or simile (e.g. writing is like swimming). Write a brief explanation of your idea.
