Robertson Scholars Possible Certificates
Duke and UNC-Chapel Hill

The following is a list of majors, minors, and certificates offered at Duke University and UNC Chapel Hill that are not available at the sister institution and that may be pursued by Robertson Scholars under the Cross Campus Certification option. This policy states “Robertson Scholars may, if they wish and are able, complete a second major, a minor, or a certificate at the sister institution. The credential can be earned only if the program is not offered at the home institution.” A notation has been made for fields where a major is the only option (but a minor is available at the sister institution) on the home campus.
