MEMORANDUM

TO: Deans, Directors, and Department Heads
FROM: Carolyn W. Elford *Carolyn Elford*
DATE: April 27, 2001
SUBJECT: Name Change

Effective July 1, 2001, the Health and Safety Office will be renamed the Department of Environment, Health, and Safety. This change reflects the increasing importance of environmental matters on our campus, and also acknowledges the fact that this work unit has for quite some time functioned as a separate department and not as a division of Public Safety.

The Department of Environment, Health and Safety is led by Peter Reinhardt, who came to us recently from the University of Wisconsin at Madison. He may be reached at 3-5913, or via e-mail at pete_reinhardt@unc.edu. The general number for the department will remain 2-5507. A new web site – www.ehs.unc.edu - will be implemented by July 1. The present address is www.hsafety.unc.edu. You will be receiving additional communications from the department as July 1 approaches, but I wanted to provide you with advance notice of this name change before the end of the spring semester when the summer vacation season begins.
