Re: REMINDER: Process for the “27th biweekly” in FYE 2012

Date: May 1, 2012

OVERVIEW

An annual DDD memo regarding the “27th biweekly” is provided to describe the transactions that are processed to accommodate the biweekly payroll calendar. The purpose of this memo is to provide a REMINDER about the process for the “27th biweekly” in the current fiscal year, FY 2011-12. As you know, FY 2011-12 will contain 27 biweekly payrolls instead of the usual 26, and budget planning for this infrequent occurrence began in FY 2000-01.

For State Funds, budget for the regular salary of permanent SPA positions has been carried forward at each fiscal year-end in central reserve accounts and will be allocated in June 2012 to fund the additional biweekly payroll occurring on June 29, 2012. Contracts and Grants are time-limited awards and are not impacted by the “27th biweekly” payroll. For other Non-State Funds, which include Facilities and Administrative (F&A) Funds, SPA salary encumbrances are posted each year to assist you in ensuring that sufficient salary and benefit budget will be available.

The term “27th biweekly” is used to describe this infrequent occurrence, although the first pay date in FY 2011-12 was biweekly #26 dated July 1, 2011, and the final pay date in FY 2011-12 will also be biweekly #26 and dated June 29, 2012.

STATE FUNDS

A salary encumbrance for one day was posted in July 2011 for State Funds so that the one-day salary amount could be reserved in your departmental accounts for use at the end of this fiscal year. Budget and cash for a total of 9 work days has been accumulated over the past 11 years in central reserve accounts so that funding for the regular salary of permanent positions will be available for the “27th biweekly” (i.e. biweekly #26) payroll that will occur on June 29, 2012.
As part of the fiscal year 2011-2012 close-out, the one-day encumbrance in your departmental accounts will be liquidated and available to fund one workday of the biweekly payroll. Biweekly payroll 26 dated June 29, 2012 will post to your departmental accounts. Then a budget transfer for the regular salary of permanent SPA positions paid on biweekly payroll 26 will be made to departmental accounts from central reserve accounts for the remaining 9 workdays.

**NON-STATE FUNDS**

A cumulative SPA salary encumbrance for 10 days was posted to your FRS accounts in July 2011 for certain Non-State Funds. The additional salary budget for permanent SPA staff was encumbered so that the salary amount would be available for expenditure at the end of this fiscal year for Non-State Funds. Budgets for related benefits are not encumbered by this process, so you were advised to reserve related benefits. The special encumbrances were not posted for Contracts and Grants since those accounts are time-limited awards and are not impacted by the “27th biweekly” payroll issue.

For Non-State Funds, excluding Contracts and Grants, the 10-day encumbrance will be liquidated prior to the June 30, 2012 close-out, and expenditures will be recorded for the biweekly payroll 26 dated June 29, 2012.
