ABC Allocation Problem and Resolution

Looking at the Budgets Overview Inquiry in ConnectCarolina, the department noticed the budget was much greater than expected.

When you click on the budget amount, you can see each of the duplicate entries.

The department also noticed the duplicate budget journals in InfoPorte.
The budget journals dated 10/5/2015 through 10/9/15 are now unposted, with the most recent budget journal (dated 10/12/15) remaining.

The correct budget balance remains.

You can see the corrected balance in InfoPorte now too.
