The purpose of this memorandum is to provide information concerning the year-end procedures and the dates that documentation must be received for payment in the fiscal year ending on June 30, 2009. It is important that these deadlines be met to ensure use of your 2008-2009 budgets rather than your 2009-2010. **Disbursement Services Considerations**  
If the receiving information has not been entered into the system, payment cannot be made and the purchase order will be charged against 2009-2010 budgets. Likewise, if the original vendor invoice is not received, payment cannot be made and the purchase order will be charged against 2009-2010 budgets. Incomplete documentation may delay your payment request; be certain that the item is fully documented before submitting it for processing. **Payment cannot be made before the receipt of goods or services so do not indicate receipt of materials not received in order to use available funds or for any other reason.**

**Accounting Considerations**  
Cash deficits in most institutional trust and special fund accounts should be funded by June 30 through collection of receivables, transfers from other funds or other appropriate methods. Cash deficits should not be carried forward to the new fiscal year. If funds from University-related foundations on deposit in other FRS accounts will be used to fund expenditures for fiscal 2008-2009, the funds transfer request should be submitted by June 15.

**State Budgeting Considerations**  
Sufficient budget balances or cash balances must be available to cover all disbursements from University accounts. The State does not allow deficits in any expenditure object. You should review your available budget balances on your monthly reports so all disbursements can be properly funded.

**Cashiering Considerations**  
To comply with G.S. 147-77 and University policies, all departmental receipts must be deposited daily. Do not hold deposits for the new fiscal year. Delaying the deposit of University funds is a violation of State statutes. The Daily Cash Transmittal Form for electronic credit card deposits for 2008-2009 should be provided to the University Cashier no later than noon on June 30. **If the person assigned with this responsibility is not at work on June 30, then the department is required to take appropriate measures to get the deposit entered by noon.**

**Payroll Considerations**  
The last biweekly payroll posted in the current year will be for the period ending June 7 (paid on June 19). The June monthly payroll will be paid and posted on June 30. Specific deadlines for the Summer Session payrolls have been established. (See year-end deadlines.) The Summer Session payroll dates are May 28 and June 16 for Session I and July 2 and July 24 for Session II.

Every effort will be made to effectively and efficiently use the University's resources. Your assistance in processing documents, monitoring your budgets and purchase orders, and adhering to deadlines is very important.

Thank you for your cooperation.
