Graduate Student Crosstalk

We will again be providing 3 Graduate Student Crosstalks this academic year. These Crosstalks' provide opportunities for networking, socializing, and facilitated & structured discussion.

The Crosstalk series of the 2008-2009 academic year will kick off at NC State on September 5, 2008. Stephanie McLean from Renaissance Computing Institute (<http://www.renci.org/about/index.php>) will be in attendance to distribute a very special gift to each graduate student. This crosstalk will be a great networking opportunity, and a chance to meet graduate students from other area universities.

As always, dinner will be provided. Also, plan to continue the socializing locally with your fellow graduate students after the crosstalk.

RSVP by September 2nd
