Note: The data of the laboratory schools of SUCs, CHED and TESDA supervised schools are included.

... No data available

a - Not applicable

¹ Private schools data are based on 90.12% and 95.08% processed school profiles for elementary and secondary schools, respectively.

² Source: BEIS-SSM & PI. Enrolment and no. of teachers in public schools does not include data of laboratory schools of SUCs, CHED & TESDA supervised schools. For private schools, enrolment is based on projections and performance indicators were computed based on 87.27% processed school profiles.

³ Source: BEIS-Quick Counts, SY 2004-2005 & SY2005-2006. Enrolment and no. of teachers in public schools does not include data of laboratory schools of SUCs, CHED & TESDA supervised schools. The no. of schools in private sector are SY 2003-2004 data and enrolment is based on projections.

⁴ The school-age population used in computing the participation rate and gross enrolment ratio in SY 2000-2001 and onwards are based on the 2000 Census of Population and Households, NSO.

⁵ The data of the laboratory schools of SUCs, CHED and TESDA supervised schools are not included.

^{6a} From primary (Grade IV) to intermediate (Grade V)

^{6b} From elementary to secondary level

⁷ Source: National Education Testing and Research Center (NETRC). NEAT and NSAT were not administered in SY 2001-2002. National Achievement Test (NAT) were given in Grade IV (for elementary) and 1st year (for secondary) for Mathematics, Science and English subjects in SY 2002-2003 & SY 2003-2004. In SY 2004-2005, NAT were given to Grade VI (for elementary) and Year IV (for secondary).
