Contents

1	Introduction	1
2	Next Section	1
2.1	A Subsection	1
2.2	A Subsection with Equations	1

1 Introduction

This is the Introduction. Allow me to introduce L^AT_EX to you.

2 Next Section

This is a section. Sections are important for specifying the structure of your document. Think of your structure as an outline.

2.1 A Subsection

Another important piece of structure is the subsection.

2.2 A Subsection with Equations

Here's an equation:

$$E = mc^2 \tag{1}$$

And another!

$$L_1 = \sum_i (y_i - \alpha - \beta x_i)^2 \tag{2}$$

That's the end.
