STUDENT COMMENTS:

*Katy did a great job of teaching the class. She is so sincere and helpful. She would do anything for her students. She was always available. I loved the lecture notes which helped with the speed and detail of the course. The exams were very fair, and the homework helped very much. Thanks for everything, and good luck.

*Great class for non-majors or those who aren't good at math.

*She was a good teacher who encouraged me to exercise my knowledge of the subject matter. She was so nice and made the subject not as intimidating. I really enjoyed her as a professor.

*I wouldn't change anything about this class. Katy Rouse was one of the best teachers I have had at UNC- even better than my Econ 101 professor. I would take her class all over again. I learned a lot in this course. I've taken econ before and it wasn't taught as well or as clearly as this! The instructor and course pack were very helpful.

*The best part was the practice exams we had before tests & finals. Those really helped!

*Liked that Katy has a course pack and that she worked through it. Made it easier to follow with the class. Assignments were effective as they helped us practice for tests. Katy was always available if we needed help.

*Great course/instructor

*The coursepack was great!

*Coursepack was helpful, but the fact that she used it to guide every lecture made the class boring.

*I really don't like econ at all but I learned a lot from this class and actually kind of enjoyed coming to class. Katy was very helpful and taught the material very effectively. I have recommended her class to many other students.

*Teacher was great, showed concern for my performance. Book was horrible.
