

Skeletal and Dental Inventory

Codes:

0 = absent or missing
 1 = present, complete
 2 = present, 75-99% complete

3 = present, 50-74% complete
 4 = present, 25-49% complete
 5 = present, under 25% complete

Cranium	Left	Right		Left	Right
Frontal	_____	_____	Maxilla	_____	_____
Parietal	_____	_____	Nasal	_____	_____
Occipital	_____	_____	Ethmoid	_____	_____
Temporal	_____	_____	Lacrimal	_____	_____
Zygomatic	_____	_____	Vomer	_____	_____
Palatines	_____	_____	Sphenoid	_____	_____
Hyoid	_____	_____	Mand. Body	_____	_____
			Mand. Ramus	_____	_____
Axial Skeleton					
Manubrium	_____	_____	Atlas	_____	_____
Sternal Body	_____	_____	Axis	_____	_____
Xiphoid Process	_____	_____	C3-7 (#)	_____	_____
Ribs (#)	_____	_____	T1-12 (#)	_____	_____
Ilium	_____	_____	L1-5 (#)	_____	_____
Ischium	_____	_____	Sacrum	_____	_____
Pubis	_____	_____			
Appendicular Skeleton					
Clavicle	_____	_____	Femur	_____	_____
Scapula	_____	_____	Patella	_____	_____
Humerus	_____	_____	Tibia	_____	_____
Radius	_____	_____	Fibula	_____	_____
Ulna	_____	_____	Tarsals(#)	_____	_____
Carpals (#)	_____	_____	Metatarsals(#)	_____	_____
Metacarpals(#)	_____	_____	F.Phalanges(#)	_____	_____
H.Phalanges(#)	_____	_____			

Questions to Think About:

A. What (if any) bones are missing from your skeleton? _____

B. If bones are missing, what could be a reason? _____

C. Are there any extra bones in your skeleton (e.g., extrasutural or sesamoid bones)? _____

If so, list them: _____

Name: _____

Skeleton ID# _____

Codes for Present:

0 = not present 2 = antemortem loss
 1 = present 3 = lost postmortem
 4 = broken postmortem

Codes for Pathology:

1 = carious lesion 4 = calculus
 2 = dental abscess 5 = significant wear
 3 = chipping (antemortem) 6 = other
