C. Outcomes for children entering out-of-home custody for the first time	2004	2005	2006	2007 Jan-Jun	2007 Jul - Dec
placement 1 year after initial entry					
(3) Percentage of children remaining in placement 2 years after initial entry					
Racial/ethnic group:					
(1) Median length of stay					
(2) Percentage of children remaining in placement 1 year after initial entry					
(3) Percentage of children remaining in placement 2 years after initial entry					
Racial/ethnic group:					
(1) Median length of stay					
(2) Percentage of children remaining in placement 1 year after initial entry					
(3) Percentage of children remaining in placement 2 years after initial entry					
8) Increase number and rate of children reunified with birth families and adopted <i>(Only include children whose length of stay is over 7 days)</i>					
a. For all children whose length of stay is over 7 days:					
(1) Percentage of children in entry cohort who were reunified with birth parent within 1 year of initial placement					
(2) Percentage of children in entry cohort who exited custody to live with a relative guardian within 1 year of 1 st placement					
(3) Percentage of children in entry cohort who were adopted within 2 years of initial placement					
b. Specify Racial/Ethnic Group and provide:					
Racial/ethnic group:					
(1) Percentage of children in entry cohort who reunified with birth parent within 1 year of entry					
(2) Percentage of children in entry cohort who exited custody to live with a relative guardian within 1 year of entry					
(3) Percentage of children in entry cohort who were adopted within 2 years of entry					
Racial/ethnic group:					
(1) Percentage of children in entry cohort who reunified with birth parent within 1 year of entry					
(2) Percentage of children in entry cohort who exited custody to live with a relative guardian within 1 year of entry					
(3) Percentage of children in entry cohort who were adopted within 2 years of entry					
Racial/ethnic group:					
(1) Percentage of children in entry cohort who reunified with birth parent within 1 year of entry					
(2) Percentage of children in entry cohort who exited custody to live with a relative guardian within 1 year of entry					
(3) Percentage of children in entry cohort who were adopted within 2 years of entry					
9) Decrease reentry					
a. Percentage of children who exited placement within 7 days and who returned to custody within 1 year					
b. Percentage of children who exited placement after day 7 and who returned to custody within 1 year
