

Allegory

In your eyes
The dawn awakes
In darkness –
Within walls of caves
A labyrinth of dreams
Illuminates the shadows
Of sleep

I see
Abandoned
In
Shackled
In

Of

by
the depths of
and
a

appearances

a Beast
Fate
obscurity,
bound
dungeon

In your eyes
A fallen sun rises
Over a sea of silence –
The sound of waves
Crashing along the shore
Where mountains crumble
Into the sands of time

I see
Crawling
Through a
A
Into

Of

toward
tunnel
secret
a

patterns

a Man
Reason
of perception,
passage
world

In your eyes
Reflections dance upon
A mirror of images –
Clouds of memory
Scatter impressions across
A limitless horizon
Of possibility

I see
Exploring
Of the
An
Around

Of

the
mystery
endless
the

experience

a Mind
nature
of Being,
journey
circles

In your eyes
A risen sun falls
Under the spell of illusion –
An island paradise
Drifts beyond sight
Into the howling whisper
Of the winds of change

I see
Struggling
The promise
An
To wander

to
eternal
Of imagination

a Soul
realize
of Destiny,
life
on wings

In your eyes
A tempest of creation
Reveals a rainbow –
Echoes of dusk
Unravel a vision
Under the hollow gaze
Of awareness

I see

in your eyes

Myself
