

Saudade

I forget to remember how
Once upon a sometime
In a far someplace I was
Something to someone
Somewhere there where
I thought I felt I was
Somebody

*If anybody at anytime
Is anything to anyone
Anywhere at all . . .*

In your eyes
A mirror
Reflects the shadow,
In your heart
A labyrinth
Holds the secret,
In your voice
An echo whispers
Maybe, maybe, maybe . . .

A choice-
This or that –
And then,
In the end

All paths lead to never-never land

Every time I awake
In a dream all alone,
Everywhere is nowhere,
And here where I see
Nothing in everything,
I think I feel I am
Nobody
