FROm THE PRESIDENT’S DESK . . .

A very wise individual once said, “Education is to the mind what dreams are to the heart.” UNCL touches both heart and mind with its innovative approaches to student-centered, personalized learning. UNCL graduates like you often describe their education as transformational and life changing. With the solid, caring support of expert faculty, graduates leave UNCL feeling empowered with critical thinking skills and the ability to create and lead change in the world. It is my hope that what you learned at UNCL continues to serve you well. We’re always eager to hear about your successes, so please take the time to share them with the Association and inspire others, too. May your new year be healthy, happy, and everything you want it to be.

The event also featured live entertainment and the art of internationally-celebrated painter Cameron Devoreaux, ’73. Money raised from the raffle of one of her works and other donations went towards UNCL scholarships.
