The Undergraduate Athletic Training Education Program at The University of North Carolina at Chapel Hill is a rigorous and intense program that places specific requirements and demands on the students enrolled in the program. An objective of this program is to prepare graduates to enter a variety of employment settings and to render care to a wide spectrum of individuals engaged in physical activity. The technical standards set forth by the Undergraduate Athletic Training Education Program establish the essential qualities considered necessary for students admitted to this program to achieve the knowledge, skills, and competencies of an entry-level athletic trainer, as well as meet the expectations of the program's accrediting agency (Commission on Accreditation of Allied Health Education Programs [CAAHEP]). In addition to classroom academic requirements, all students admitted to the program must possess the ability to perform on-field clinical skills that require significant physical dexterity. Ability to meet the program's technical standards does not guarantee a student's eligibility for the NATABOC certification exam.

Candidates for selection to the Undergraduate Athletic Training Education Program must demonstrate the following:

1. the mental capacity to assimilate, analyze, synthesize, integrate concepts and problem solve to formulate assessment and therapeutic judgments and to be able to distinguish deviations from the norm;

2. sufficient postural and neuromuscular control, sensory function, and coordination to perform appropriate physical examinations using accepted techniques; and accurately, safely and efficiently use equipment and materials during the assessment and treatment of patients;

3. the ability to communicate effectively and sensitively with patients and colleagues, including individuals from different cultural and social backgrounds; this includes, but is not limited to, the ability to establish rapport with patients and communicate judgments and treatment information effectively. Students must be able to understand and speak the English language at a level consistent with competent professional practice;

4. the ability to record the physical examination results and a treatment plan clearly and accurately;

5. the capacity to maintain composure and continue to function well during periods of high stress;

6. the perseverance, diligence and commitment to complete the athletic training education program as outlined and sequenced;

7. flexibility and the ability to adjust to changing situations and uncertainty in clinical situations;

8. affective skills and appropriate demeanor and rapport that relate to professional education and quality patient care.
Candidates for selection to the UNC Undergraduate Athletic Training Education Program will be required to verify that they understand these technical standards and that they believe that, with or without reasonable accommodations,* they can meet the standards.

I certify that I have read and understand the technical standards for selection listed above, and I believe to the best of my knowledge that I can meet each of these standards with or without reasonable accommodation. I understand that if I am unable to meet these standards I will not be admitted into the program.

*Reasonable accommodations are designed to ensure that the student has equal access to the program and they in no manner may jeopardize clinician/patient safety, the educational process of the student or institution, including all coursework, clinical experiences and internships deemed essential to graduation.
