UNC CORE FACILITIES IN ATTENDANCE

**Biomedical Research Imaging Center**
- Radiochemistry Core
- Small Animal Imaging Core Facility
- Human Imaging Core
- Small Animal MRI Core - CAMRI (9.4T Bruker)

**Center for Gastrointestinal Biology and Disease**
- Advanced Analytics Core
- Histology Core

**Center for Nanotechnology in Drug Delivery**
- Nanomedicines Characterization Core Facility

**Center for Structural Biology**
- Cryo Electron Microscopy (CryoEM) Core

**Department of Biostatistics**
- Biometric Consulting Laboratory
- Collaborative Studies Coordinating Center (CSCC)

**Department of Chemistry**
- Chapel Hill Analytical and Nanofabrication Laboratory (CHANL)
- Engineering Innovations Lab – Electronics

**Department of Genetics**
- Systems Genetics Core Facility

**Division of Comparative Medicine (DCM)**
- Zebrafish Aquaculture Core (ZAC)

**Division of Pharmacotherapy and Experimental Therapeutics**
- ATPAC (Advanced Translational Pharmacology and Analytical Chemistry) Core

**Lineberger Comprehensive Cancer Center**
- Lineberger Bioinformatics Core
- Mouse Phase 1 Unit (MP1U) and Animal Studies Core
- Pathology Services Core

**Marsico Lung Institute**
- MLI Tissue Procurement and Cell Culture Core

**Neuroscience Center**
- Neuroscience Microscopy Core (NMC)

**Nutrition Obesity Research Center (NORC)**
- Precision Nutrition Core (PNC)
- Animal Metabolism Phenotyping Core

**Nutrition Research Institute (NRI)**
- Human Research Core
